In September 2007, the San Bernardino County Homeless Partnership (SBCHP) was formed to provide a more focused approach to our goal of ending homelessness within the County. The Partnership consists of city governments, community based organizations, faith-based organizations, educational institutes, non-profit organizations, private industry, and federal, state, and local government.

SBCHP was developed to promote a strong collaboration between agencies to direct the planning, development, and implementation of the County's 10-year-plan to end chronic homelessness. The Partnership meets on the third Wednesday of each month at the Behavioral Health Resource Center in Rialto. The Partnership facilitates better communication, planning, coordination, and cooperation among all entities that provide services and/or resources for the relief of homelessness in San Bernardino County.
